Coffee Pot Time Line

1980 March - Jim McKenna from Whitman, Massachusetts, bought the existing Coffee Pot. He had been an auto body mechanic at several large dealerships in Massachusetts for 26 years. This small coffee and donut shop with 12 stools and a high counter gave him ideas for his future.

April - Jean Miles of Littleton, NH met Jim. She had been in Maine since 1974 and had returned to Littleton.

October - James and Jean McKenna were married and became the owners / operators of The Coffee Pot Restaurant. Together they redesigned the layout of the Coffee Pot and that is what you see today.

1983 - We opened another restaurant (The Coffee Pot - South) in Holderness, NH. We ran it and the Littleton one for two years.

1985 We sold the Holderness restaurant deciding Littleton was where we really wanted to be (Holderness was great fun, though, and so were the people!)

1986 (With time on our hands) We decided to build a log cabin, a life-long dream of Jim's. Together we cut, limbed, dragged and loaded cedar from our property in Monroe, NH.

1988 Spenser James McKenna was born!

1992 We became a NON-SMOKING RESTAURANT. We were one of very few restaurants who dared to stop all smoking in our place.

1998 August - We moved into our beautiful log home. Jean always claimed (over the 13 1/2 years of building) that she would never move in until the grass was grown... that didn't happen. In we went, mud and all, and with a year-old English Setter (another thing Jean said "never" to). Spenser started fifth grade in Monroe and truly loves it! He's involved in everything the school has to offer and is looking forward to attending St. Johnsbury Academy in the year 2002!

1999 On August 15, we opened our home to family, friends and acquaintances and celebrated with The Pumpkin Hill Open House. One heck of a thunderstorm drove 200 or so guests and the band inside! Our house was delighted and showed off by having our well go dry right in the middle of everything! The outhouse certainly did come in handy! Oh yes, Jim insisted we leave it standing until after the Open House - good thing he did! After tours of our home given by Mom, Dad, Deanna, Karen & other volunteers and serving a whole pig, tons of chicken, potato salad, home-baked beans and spicy chili, we sent everyone home... in the rain. We still have a few more things to do, but all-in-all... WE'RE IN!

2000 - November - Our dug well was replaced with a drilled well. We now have all the water we need (so far). We still have the outhouse, though!

2001 - July - FINALLY, the McKenna's added a new air conditioner to the Coffee Pot for the enjoyment of their customers and employees.

October - Jean's folks, Peg & Ed Miles, sold "the camp" on Partridge Lake. They now reside full time in Fort Myers, Florida. Spenser is an eighth grader at Monroe School and has begun "showing us his stuff!" He started playing basketball in fifth grade, doing OK. Now he starts at center stage as the tallest in his class and a real go-getter on the court!

2002 Spenser is off to St. Johnsbury Academy as a freshman... Hi Ho, Hi Ho! His new sport interest is Lacrosse.

2003 Ted, our cook for 10 years has done something to his back, he's been out for 6 months now, will he return to work?

2004 Our front window was broken due to the extreme cold weather we had this winter. Repainting it in red instead of yellow was a daring move by Donna Fillion, our waitress of 3 yrs. She also added the cups & saucers! The red picks up the highlights of the interior painting of cups and bold outlines as accomplished by another waitress, Cheryl Davis, who has been with us for 4 yrs. Kudos to all our employees. Ted is still out...

2005 Another new air conditioner, some new faces and still no Ted. He decided to retire. We do miss him. We had new tee shirts printed and they are for sale, also, we have printed cups for sale, too! Spenser is going into his senior year at St. Johnsbury Academy - WOW - where has the time gone?!

2006 Spenser graduated from the St. Johnsbury Academy and we celebrated by bringing most of the Miles Family to town for a week! Spenser is now a freshman at the Culinary Institute of America (CIA) in Hyde Park NY and he likes it! Ted our cook, is back! Retirement just didn't suit him. We've added some new faces to our staff, do you recognize them?

2007 Spenser's first year at the CIA went well. So well that they offered him a Resident Assistant job the second half of his Freshman year, something unheard of at the CIA! His internship was for 6 months from May through October at the SONSIE Restaurant in Boston... he received an A for the course!

2008 Spenser begins his Junior year in May and is working toward his Bachelor of Professional Studies (BPS) at the CIA!

2009-2010 Another new air conditioner! We sure are Hot Stuff! The Coffee Pot Restaurant is identified on the GPS - Garmen & Tom Tom anyway! Spenser graduated from CIA on October 15, 2009. He is employed by Benchmark Hospitality at the Lansdowne Resort in Lansdowne, Virginia. He started as the Assistant Restaurant Manager - Google It! Oh yes, we now have WiFi! And we are Celebrating Our 30th Year in Business as of 3/3/10.

2011 - Ted now drives for Dave's Taxi in Littleton. He still helps out when his schedule permits. Spenser is now Manager of On The Potomac at Lansdowne Resort.. A promotion in 2010! We don't see him much, but when we do it is so special. Main Street is beautiful - Be Glad - Play A Piano!

2012-2013 Too many changes, good ☺ & bad :(Spenser moved on to Lincoln Restaurant in Washington, DC! Some of our great friends are serving in heaven. Oh yes, another new air conditioner.

2014 Spenser is now at Vermilion, DC in Alexandria, VA. Artwork by Dianne Taylor-Moore... Yahoo!
